

Quality Policy

Document Reference: DPQA0001002

Document Version: 001

Effective Date: 30th June 2026

Approved by: Mark Cotton - Technical Director

Quality Policy Statement

At Display Protect Solutions, we are committed to delivering high-quality polymer and glass cover lenses to our customers across various industries, including automotive, aerospace, medical, military, Marine, Transportation, and electronics. Our commitment to quality is at the heart of everything we do, ensuring that our products meet and exceed the expectations of our customers and the stringent requirements of our industry.

Key Principles of Our Quality Policy

1. Customer Focus

We prioritise understanding our customers' needs and expectations. By consistently delivering reliable, high-performance cover lenses, we strive to enhance customer satisfaction and build long-term partnerships.

2. Compliance and Standards

We are committed to complying with all relevant statutory and regulatory requirements and industry standards. Our Quality Management System has been developed in alignment with the principles and requirements of ISO 9001:2015. The system is fully implemented within our business, with formal third-party certification planned following the establishment of sufficient operational records.

3. Continuous Improvement

We foster a culture of continuous improvement across all levels of the organisation. By regularly reviewing our processes, setting quality objectives, and investing in the latest technologies and training, we ensure that our products and services evolve to meet the changing needs of our industries.

4. Employee Involvement and Competence

Our employees' skills and commitment are critical to our success. We are dedicated to providing ongoing training and development opportunities, ensuring that every team member is competent, engaged, and empowered to contribute to the quality of our products.

5. Sustainable and Responsible Practices

We are committed to conducting our business responsibly, minimising our environmental impact, and ensuring the safety and well-being of our employees. Sustainable practices, from raw material sourcing to waste management, are integral to our manufacturing processes.

Our Commitment

We are committed to maintaining, reviewing and continually improving our Quality Management System to support consistent product quality, customer satisfaction and future ISO 9001 certification. By adhering to this quality policy, we aim to be a trusted supplier in the automotive, aerospace, medical, military, and electronic industries. We are known for our reliability, innovation, and commitment to excellence.

Quality Management System Status

Display Protect Solutions operates a documented Quality Management System developed in alignment with ISO 9001:2015. Formal certification will be pursued following the accumulation of operational records required for third-party assessment.

This Quality Policy is communicated to all employees, stakeholders, and interested parties and is regularly reviewed to ensure its suitability and alignment with our strategic objectives.
